

# ENVIRONMENT POLICY

At Generali Central Insurance (GCI), we recognize our responsibility to protect the environment and to contribute positively to a sustainable future. As a responsible insurer, investor, employer, and corporate citizen, we are committed to conducting our business in a manner that minimizes environmental impact, prevents pollution, and supports climate resilience.

We integrate environmental considerations into all our core business functions to ensure that our operations and value chain contribute to environmental protection and sustainable development.

## Our Commitments

1. **Compliance:** Fulfil all applicable legal and other requirements related to environmental protection and climate change.
2. **Pollution Prevention & Resource Efficiency:** Energy conservation, greenhouse gas emissions reduction, waste minimization, and water usage reduction through efficiency measures and sustainable practices.
3. **Climate Action:** Reduce carbon footprint, usage of renewable energy and trees to enhance biodiversity and carbon sequestration.
4. **Sustainable Culture & Employee Engagement:** Build a culture of environmental care by increasing awareness among employees and encouraging them to participate in green initiatives.
5. **Value Chain Responsibility:** We seek to foster awareness and a shared commitment to sustainability by collaborating across the value chain.
6. **Continual Improvement:** Continually improve the effectiveness of our EMS through monitoring, audits, management reviews, and stakeholder feedback.

**Implementation & Review:** This policy will be communicated to all employees and will be made publicly available for interested parties through our website. It will be reviewed annually during the Management Review meeting
